

The 1995 Otsego County
Fair Premium Book is
Dedicated to

June Weber

June Weber was a member of the fair board for 15 years and is a very familiar face at the county fair. With an unsurpassed dedication, June has been unselfish in all her volunteer work. She has annually taken a weeks vacation from her job to work at the fairgrounds the week of the fair. She was instrumental in converting the majority of the bookwork involved with all the entries and awards to computers. This has made everyone's work and record keeping easier and more accurate.

June has seen the fair grow and become the attraction it is today and the facility develop into an ideal location for various events in our community.

Since 1972, June has worked for Star Publications as the Accounting Manger. She is a member of the Trinity Lutheran Church and has served on its board for many years.

Thank you June, for the years of unselfish time, effort and dedication. The growth of the Otsego County Fair is a result of your untiring efforts.
